

Workshop Overview

Keystage 1 (age 6 to11)

Length of the workshop: ten 30-minute lessons (ideally)

Stage 1 Target:

Introduce Chinese vocabulary to children and help them familiarize with the tones and sounds in Chinese. In this early stage of learning Chinese, learning from the native speaker helps children speak Chinese without accents in the future.

Skills gained: 1. Nursery rhythms
2. Basic Greetings
3. Identify colors
4. Identify animals
5. Basic Counting

Teaching Method:

Use practical ways of learning such as flash cards, games, songs, role play. Children learn through playing and games.

Feedback to parents:

Students will have assessments come the end of every term.

Feedback from parents:

Customized Questionnaires, for parents to give feedback.
